Dear fellow families,

We have 1 resident that has tested positive for Covid-19 yesterday. We are in close contact with NYS Department of Health and we are following guidance and recommendations from them as well as from the CDC.

Please be aware that each family is notified individually of Covid-19 positive results and any other change in a resident's condition. Our positive resident has no symptoms and all residents are being monitored very closely.

Feel free to reach out with any questions. 718-882-6400 EXT 217

Harvey Bauer, Administrator
